

Amendment to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (Currently Amended) A multi-chamber container that accommodates a plurality of agents, comprising:
  - an outer container body with an inner container body disposed therein, the inner container body including a plurality of filling chambers to fill agents;
  - a communication portion that is provided in at least one of the filling chambers to cause the filling chambers ~~to be communicated~~ in communication with one another; and
  - an opening preventing portion that closes the communication portion in a carrying mode of the multi-chamber container,
  - wherein the carrying mode of the multi-chamber container is a mode folded in two,
  - and wherein the opening preventing portion is a seal which bonds between the filling chambers in the carrying mode of the multi-chamber container, and peels off by expanding the folded multi-chamber container to open the filling chambers in therebetween via the communication portion in a use mode of the multi-chamber container.

Claims 2-10 (Canceled)

11. (Previously Presented) The multi-chamber container according to claim 1, further comprising:
  - a caution member to check opening between the filling chambers.
12. (Currently Amended) The multi-chamber container according to claim 11, wherein the caution member is attached ~~[[to]]~~ near the communication portion so that the caution member drops by expanding the folded multi-chamber container in the use mode of the multi-chamber container.
